Subject: Planning Application CM/53/20/PL

Hello

I live at 4 Wooldridge Walk Climping West Sussex BN17 5TB. The above proposed development is going to greatly affect myself and the occupants of 5 - 7 Wooldridge Walk. We are all in the vulnerable bracket and are at home 98% of the time. I think that now is not the appropriate time to be pushing a planning application through when we are

currently at the peak of the pandemic and thousands are dying. To be truthful with you writing opposition letters and rallying round other residents locally to support the 'no' vote is at the bottom of most peoples list right now. So would you please reconsider and put the planning application off until at least April when hopefully with more people having been vaccinated the outlook will not be so bleak.

Kind regards Karen Almond.
