CAUTION: This email originated from outside of the organisation. You should take extra care when clicking links or opening attachments - if you are unsure the content is safe contact the IT Helpdesk before clicking or opening.

Please find attached my objection to most parts of this Planning Application. They are typed on a Word document attached to this e-mail. Pls advise if the layout is compatible with your posting method. Thank you
Susan Olford

For Arun District Council, Planning Department - **Submission of Objection** by e-mail and Word document attached.

Planning No. CM/61 /21/PL

From Susan Olford, 16 Crophorne, Clymping, BN17 5GG

My Objection to the Planning Application for exterior illuminated sign, 2 x 'A' boards and road side flags. It is these items in particular within this Application that form my Objection.

1. **There are already too many illuminated signs on the Site on the A259 in Clymping.** They are a distraction to traffic on an 'A' road. Furthermore illuminated signs are an imposition for the Listed Building adjacent to the Site. There has been lighting on the site from 6am and this is clearly an issue for the householders of the Listed Building. No more Illumination, please.
2. **A-boards on the roadside are a definite distraction for passing vehicles. That is their very intention** - To be seen and read by motorists. If the signs are successfully read, and please the motorist it ensues that a vehicle will brake to follow the sign.
3. **Flags create the same distraction as no.** 2 above.
4. This is not Sunset Strip, not an American Shopping Mall. **Clymping is a Rural, Seaside Village with just 300 properties.** It is currently being rubbished by the increasing commercialism of what is happening on the old farm shop site. ADC have allowed 'nibbling' approvals on the Site.
5. **Please, no more commercialism.** No more lights, no flags, no A boards, no more approvals that encourage increased traffic into the Site and along the A259 through the Village.
6. **There have always been rules about signs** – other than Legal Road Signs – on the edge of the Highway. It is proven that signs that moving/driving motorists are encouraged to read while at the wheel are dangerous. A distraction just as using a mobile phone. Please do not approve in Clymping village.
7. I drive that piece of road/A259 at least 6 times a week, often more. It requires serious attention to mirror use, braking, and indicating when making a turn from the road. Drivers being distracted is not what is needed. **I do not want another vehicle in the boot of my car just because they were reading an A board on the grass verge.**
8. Photographs have been taken, I understand, of bumps and near misses outside the Site access.
