12th June 2018

Dear Alison

(By email only: [REDACTED])

**Re:** Ford Airfield, Climping (aka Land at Northwood Farm). Kendall Group. Appn ref: CM/6/18PI

**Project No:** 1717351

Thank you for your email message of 7th June 2018 to which was attached an email from Arun District Council. The ADC email was dated 6th June 2018 and sent from the Environmental Health Officer to Planning.

The ADC message raises a question of the Sound Level Assessment<sup>1</sup>. This letter responds to that question.

1. Question 1 of the ADC message reads as follows: *"With regard to the Acoustic Report from Sharps Redmore dated 23rd February 2018 (Project No. 1717354) it would appear that the applicant has missed the two closest residential properties to the site which are 1 Meadow Cottage and Paynters Croft (both on Burndell Road). Please could the calculations be re-done to take account of these residential properties."*
2. In response, I have reviewed the Report and web-based aerial imagery. At paragraph 3.8 of the Report, reference is made to 'Tithe Barn' and it seemingly having been referred to in the past as 'Paynters Croft'. Google Earth finds 'Tithe Barn' (self-catering accommodation) at Meadow Cottage, Burndell Road.
3. Figure 3 of the Report identifies 'Tithe Barn' and 'Northwood House'. It may be that Meadow Cottage lies between them. These all appear to be the closest receptors and were covered in the Report.

---

<sup>1</sup> Sharps Redmore Report dated 13th February 2018.
