Dear Alison,

The application has been signed off and will be on the DC Committee agenda for 11-07-2018. However the environmental health officer's final comments are still awaited and the application will require screening prior to Committee. There is currently no information relating to potential dust emissions or other information set out in Schedule 3 of the EIA Regs.

Without prejudice, please can you let me have further information in this respect within the next 10 days or the application will need to be withdrawn from the agenda.

Regards

Anita Gardner

Hello Alison,

Sorry for not getting back to you. I have had to divert my calls to focus on Committee close. I am trying to get your application on to next Committee 11-07-2018, but at this stage I can't confirm it will be on this agenda. I am hoping to pass the application through to other officers for sign off by the end of today, with a no objection in principle comment from environmental health and should be able to advise by the end of Monday if sign off has been agreed.

In the meantime can you agree an EOT until 13-07-2018 to cover this committee .

Regards

Anita Gardner

Hello Anita

I wanted to have a catch up with you about the planning application at Ford. I am after a general view on timescales, expected committee date and whether you are waiting for any other responses. I appreciate that there are discussions going regarding the noise report.

I look forward to hearing from you.

Kind regards

Alison
