Description of works: Change of use of land for Class B8 (storage) for caravans as an extension to an existing storage site in conjunction with a revision to the site layout approved CM/14/22/PL. This application may affect the setting of listed buildings and a Public Right of Way and is in CIL Zone 4 (Zero Rated) as other development.

Thank you for your internet representation made on 26th May 2026 which has been recorded as no objection with the comments as follows:

OWPC83701

With the extra traffic that this new caravan park has made the drive into the park being made of only dirt and rubble creates a lot of dust and loose stones which in the past as blocked up the road side drainage. If this new application goes ahead this would generate even more traffic creating even more dust and stones, the answer would be to put in a tarmac drive as part of this new application.

Your views as made above will be considered before the application is determined.
