3 Description of Development

Change of use of land for Class B8 (storage) for caravans as an extension to an existing storage site in conjunction with a revision to the site layout approved CM/14/22/PL. This application may affect the setting of listed buildings and a Public Right of Way and is in CIL Zone 4 (Zero Rated) as other development.

4 In pursuance of their powers under this Act and related Orders and Regulations the Council **REFUSE** to approve the development as described in the application and plans for the reasons stated.

- 1 The application has not been accompanied by any information which identifies the destination of surface water run off. As a result, it has not been demonstrated that surface water runoff from the site would be appropriately managed, or that the proposal would not increase the risk of flooding on site or elsewhere. The scheme fails to follow the sustainable drainage hierarchy. The proposal is contrary to Arun Local Plan Policies W DM3 and W SP1, and the objectives of the NPPF and NPPG relating to flood risk and sustainable drainage.
- 2 The proposed development obstructs a Public Right of Way and the application has not proposed the re-routing of the Public Right of Way via an appropriate legal mechanism. The proposal fails to protect or enhance the Public Right of Way in conflict with paragraph 105 of the NPPF and Arun Local Plan Policy T DM1.

INFORMATIVE: Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended). The Local Planning Authority has acted

positively and proactively in determining this application by identifying matters of concern with the proposal and discussing those with the Applicant. It has not been possible to resolve those matters within the timescale allocated for the determination of this planning application. The Local Planning Authority has clearly set out, within its report, the steps necessary to remedy the harm identified within the reasons for refusal - which may lead to the submission of a more acceptable proposal in the future. The Local Planning Authority is willing to provide pre-application advice in respect of any future application for a revised development.

APPEALS TO THE SECRETARY OF STATE

If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, and you want to appeal against this planning application decision, then you must do so within 28 days of the date of this notice.

If an enforcement notice is served relating to the same or substantially the same land and development as in your application and you want to appeal against this planning application decision, then you must do so within 28 days of the date of service of the enforcement notice, or within 6 months of the date of this notice, whichever period expires earlier.

Otherwise, if you want to appeal against this decision then you must do so within 6 months of the date of this notice.

Appeals should be made on line via Appeal A Planning Decision <https://appeal-planning-decision.service.gov.uk/before-you-start> If someone does not have access to the internet and needs help completing the appeal digitally, they should contact the Planning Inspectorate customer service team on 0303 444 5000 who will provide details of the support options available.

Before making an appeal, you may find it useful to review guidance and watch a video explaining the appeals process at <https://www.gov.uk/government/collections/make-an-appeal-to-the-planning-inspectorate-and-associated-guidance>

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

PURCHASE NOTICES

If either the local planning authority or the Secretary of State refused permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council (that is, where the land is situated in a National Park, the National Park authority for the Park, or in any other case the district council in whose area the land is situated). This notice will require the Council to purchase the owner's interest in the land in accordance with the provisions of Chapter 1 of Part VI of the Town & Country Planning Act 1990.

Please note that this decision notice only relates to matters under the Planning Acts and does not give consent under any other legislation that may apply to the development. You will need to carry out your own checks to determine whether any other consents or permissions are required. For example, the Building

Regulations are likely to apply to most developments, and a Highways Licence may be required from West Sussex County Council for any development within the public highway (including the placing of skips on highway land).
