Hi Iqraa,

Please see attached updated block plan with amended measurements and also the updated location plan with a single red outline around the boundary.

I am happy with your amended description, thank you, I would just suggest the inclusion the word 'timber' or 'timber-framed'.... i.e. "Erection of single storey detached timber-framed garage".

Thanks again and best regards,
Peter

.....
Good morning,

Thank you for providing the amended plans.

Unfortunately, not all the dimensions on the block plan measure to scale. Please review and amend. Along with this, the 1:1250 location plan requires one solid outline around the site boundary. The current plan has more than one outline. Please amend.

Along with this, please confirm you agree with the amended description below

"Erection of single storey detached garage."

Kind Regards

Iqraa Malik

Hi Iqraa,

Please see attached the block plan with distances from the proposed timber garage to all boundaries marked and the site plan with scale bar added (the block and location plans already have a scale bar).

As discussed, I would be happy for you to suggest more concise wording for the Description.

Thanks and regards,

Peter Hickey
