Dear Mrs Gardner,

We should like to write in whole hearted support of the above application.

Climping, Climping Beach, West Beach, Littlehampton and the surrounding area need accommodating destinations like this to continue to attract visitors and help regenerate our declining tourism.

We have seen major changes in customers eating out habits and in order to continue to encourage growth, it is vital that local people support local business. These local businesses contribute heavily towards the local economy by paying rates and employing local people as would the development of this Camping Field also.

We would hope that the Arun District Council Development Control Committee look favourably upon this application,

Yours Faithfully,

Ms Patricia Harrington
