Subject: EG/89/17/OUT

Hi Miss Borrows

Re: Resubmission of EG/89/17/OUT – 10 Downview Rd, Barnham, PO22 0EE.

Please find attached the local validation checklist and biodiversity checklist.

Item 23 on the local validation checklist states, 'only location and block plan'. To expand further on this comment, the location and block plan are included at this stage. Additional plans and drawings will be included at a later stage.

I can confirm that foul drainage is required and the intention is to connect to the existing public foul drainage system.

Regards

Ben Browning
