The outstanding conditions are:

03-05 (all drainage)

06 – foul drainage – I have chased SW for them to withdraw their objection as you say the sewers will be private

07 – tree protection. Our Tree officer can visit to check once you confirm that the protection is in place.

Kind Regards

Hi Simon,

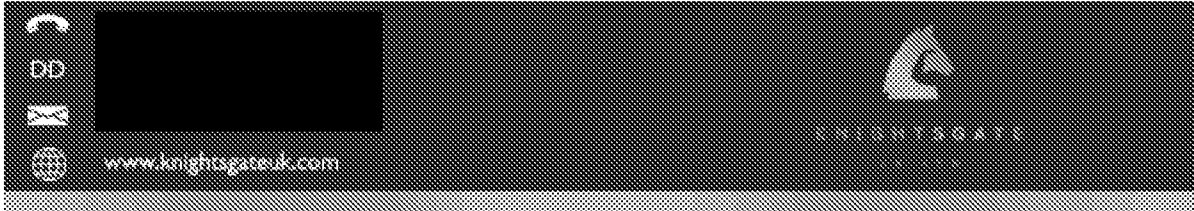

Hope you are well.

I have received approval for a number of the conditions, am I right in thinking the remaining are all drainage related? If so this information should be with Paul Cann today.

Kind Regards,
