With reference to your letter dated, 6th February 2019, please find attached an updated Block Plan which now shows additional dimensions to the front and rear boundaries.

I can also confirm that I am happy for you to amend the planning application form in respect of Question 8.

With regard to the Lidsey Foul Water Treatment Catchment Area, I can confirm that the proposed works will be connected to the mains foul water system using the existing drains within the property boundary. I assume, therefore, that an Environmental Assessment Statement is not required.

Kind Regards
