Subject: RE: Proposed larger home extension application

Dear Daun

I have spoken to the applicant and he has confirmed that nobody owns the entrance leading into the garage compound. He has said that it is shared right of way.

The rear extension will be constructed from cavity walls with facing bricks. The bricks used will be as close as match possible to the existing house. There will be a flat roof with a felt covering. The rear door and window will be double glazed upvc to match the existing windows at the property.

Many thanks

Michael Barker MRICS

Mr Barker,

I am currently working on the validation of the above application.

You will need to provide the address of the person/people who own the entrance leading into the garage compound to the west of the application site.

Also, please confirm the materials that will be used for the rear extension.

Please have the information to me by 27th February 2018.

If you have any questions, please let me know.

Thank you,
Mrs Johnson
