Dear Mr Davis

S.746 EASTERGATE UV & TURBIDITY MITIGATION SCHEME – APPLICATION FOR REMOVAL OR VARIATION OF A CONDITION FOLLOWING GRANT OF PLANNING PERMISSION

With reference to Section 6 of the application to vary the conditions of planning permission we would like to request alteration to information that accompanied the application, and in particular with reference to information shown on the detailed drawings under 'Condition 2' of your Decision Notice.

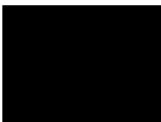

1. The colour of the building is shown on drawings 27-5132699-031. The drawing indicates the walls to be 'Olive Green' (RAL 100 30 20) and the roof to be 'Goose Green' (RAL 7038). This does not align with our PDA statement, item 5.7.3 and needs to be altered accordingly as these panels have now been purchased and fitted on site. The revised colours are shown on drawing number 27-655-M-3030 Rev A.

As per our e-mail dated 04/01/2016 we wish to request the following alterations to the design:

1. Alter the colours of the building to 'Khaki Green' (RAL 100 60 20) for the walls, 'Willow Green (RAL 100 80 20) for the roof and 'Leaf Green' (RAL 6002) for the doors.

In addition please find enclosed our drawing 27/307 titled 'Eastergate Water Treatment Works – Proposed Landscape Details'. To assist with future screening of the building we have proposed the layout as indicated for your consideration.

Yours sincerely,

G. HYNDS
Project Manager
