Dear Mr Eastham

Thank you for your notification of 24 September regarding the amendment to the planning application referenced above.

Highways England has been appointed by the Secretary of State for Transport as strategic highway company under the provisions of the Infrastructure Act 2015 and is the highway authority, traffic authority and street authority for the strategic road network (SRN). The SRN is a critical national asset and as such Highways England works to ensure that it operates and is managed in the public interest, both in respect of current activities and needs as well as in providing effective stewardship of its long-term operation and integrity. Highways England will be concerned with proposals that have the potential to impact on the safe and efficient operation of the SRN. In the case of this proposed development, Highways England is interested in the potential impact that the development might have on the A27.

The amendment does not alter Highways England's position on this planning application as set out in our email dated 7 May 2019 (attached for ease of reference).
