REF EG/23/14 Proposed Windbreak @ Springfield Nursery, Barnham

Dear Mr Davis,

I have spoken to the applicant who has informed me that the mound of earth is temporary, being the result of levelling in the growing area and will be spread on the field in due course.

The proposed windbreak will be constructed at the field level as close to the fence boundary as possible, while allowing access for maintenance.

I hope this answers your questions.

With kind regards

Paul Hughes

Subject: FAO Mr Paul Hughes REF EG/23/14 Proposed Windbreak @ Springfield Nursery, Barnham

Dear Mr Hughes,

I am the case officer for this application. I have visited the site this afternoon but I wanted to check the siting of the windbreak with you as it wasn't totally clear. Is the windbreak being sited between the existing bund and the screen fence to Brooks or will it be the other (western) side of the bund? I assume it will not be atop the bund.

Kind Regards
