Thank you for your recent application which I received on 24th April 2013. It is being dealt with by Miss C Burrows who will be able to help you should you have any questions.

I regret that I am unable to accept your documents as a formal application until the following matters have been resolved :-

As this site falls within the Lidsey Drainage Embargo we require a full drainage environmental assessment if the means of foul drainage is not being connected to the existing public mains system. If the drainage is being connected to the existing mains system, please advise accordingly.

Please provide the above by **9th May 2013**. If this information is not received by this date, the application will be returned to you as incomplete and you will have to submit a fresh application.

For further guidance or to obtain the documents as required above please refer to our website:

If you are unable to download the required guidance documents from the web site please contact the above officer who will arrange to post a paper copy to you.

If this letter has crossed with you providing the information, please ignore it.

Yours sincerely
