CONDITION 1 The works to the Sycamore tree hereby approved shall only involve a crown reduction of no more than 20%, and a crown lift by no more than 6 metres.

Reason: In order to protect the health and appearance of the tree in the interests of visual amenity in accordance with policy GEN7 of the Arun District Local Plan.

CONDITION 2 The work hereby approved shall be undertaken under the supervision of the Local Planning Authority who shall be notified in writing, not less than 7 days before the work commences.

INFORMATIVE: The applicant should note that under Part 1 of the Wildlife and Countryside Act 1981, with only a few exceptions, it is an offence for any person to intentionally take, damage or destroy the nest of any wild birds while the nest is in use or being built. Birds nest between March and September and therefore removal of dense bushes, ivy or trees or parts of trees etc. during this period could lead to an offence under the act.

INFORMATIVE: This notice does not give authority to destroy or damage a bat roost or disturb a bat. Bat species are protected under Section 39 of the 1994 Conservation (Natural Habitats etc) Regulations (as amended), the 1981 Wildlife and Countryside Act (as amendd) and the 2000 Countryside and Rights of Way Act. It is illegal to damage or destroy any bat roost, whether occupied or not, or disturb or harm a bat. If you are aware that bats roost in a tree(s) for which work is planned, you should take further advice from Natural England (via the Bat Conservation Trust on 0845 1300228) or an ecological consultant before you start. If bats are discovered during the work, you must stop immediately and contact Natural England before continuing.
