Subject: Trebarwith Barnham Road EG/02/19/HH

Dear Charlotte

Further to the comments raised by ADC Engineer Laura Gibbons.

The Soakaway requirements for surface water drainage will not change from those submitted on the previous application EG/67/18/HH .

I have attached copies of these documents which need to be uploaded to this current application.

Laura has stated that once uploaded she will recommended that the condition be removed prior to planning permit being granted as there is no change to design etc.

Are you able to upload these to the site or is this something I need to do – if so how ?

Do you think a decision will be made today ?

Kind regards

Tom West
