Dear Mrs Coney,

Further to our recent telephone conversation, and as requested, please see below photographs of the north (top photo) and east (bottom photo) elevations of the mobile home on the site.

The office floor plan measures 3.7m x 7.3m (27 sq m) and the decking area measures 4.5m x 5.7m (25.65 sq m). Thus, the total floor area covered by both structures is 52.65 sq m and this is the figure I have shown as proposed floor space on the amended page of the application form attached (part 18). The additional area of hard standing measures approx 12m x 10 m (120 sq m) and again this figure is now included on the amended application form at part 18 attached.

Please can you confirm that the application has now been registered.

Regards,

Mike Pickup
