QUOTE/TPO ADVICE

<u>Client Contact Details:</u> Steve Campbell, Chair of the Paddocks Management Co. (Eastergate) Ltd, No. 11 Collins Close, Eastergate, West Sussex. PO20 3JT.	Date Quote Sent: 7 th June 2018 Quote Number: 445 Arborist Surveyor: Dr Gavin Walker
---	---

MATURE BEECH TREE (*Fagus sylvatica*) – This excellent example of a mature Beech tree was visited this afternoon by our Arborist advisor. He completed a ground based survey of the tree to assess the works required to help maintain the integrity of the tree to enable it to maintain the desired healthy TPO status. In our professional opinion, this impressive Beech tree requires the following works to help maintain its healthy status.

Work Schedule/TPO Advice:

1. The entire tree requires a 2-3 metre crown lift to ensure vehicles/people can pass under the tree unhindered.
2. Removal of rubbing branches that cause decay/disease to branches damaged by stem friction.
3. Remove all dead wood from within the canopy.
4. Our experienced and fully trained arborist will ensure that all cuts made are clean and too high arboricultural standards and complying with BS3998:2010.
5. All brash, branches and timber to be removed from site. All brash to be disposed of sustainably at Stubbs Copse Woodyard near Arundel. Clear up all arisings and leave the site clean from all debris.

Additional Notes:

- All work is undertaken by fully trained NPTC professionals. Public Liability & Employer's Liability insurance is provided up to £5 million.
- If you wish to accept or discuss this quote; contact Gavin Walker on 07840 81671 or woodsmentreeservices@gmail.com
- This quote has been prepared based on an initial 10 minute site survey. Any unforeseen hazards or problems resulting in additional costs will be discussed with the client before any additional work is undertaken.

Total Cost: £225

Tree surgery, hedge cutting, garden clearance, forestry & woodland management
