Yes, for all extensions, measurements are required to the boundary, as per the notes.

Thanks

Julie

Hi Julie

Didn't think that they would be required as working to existing constraints. ??

Regards

Derek Treagus,

Dear Mr Treagus,

Sorry, its me again.

The block plans you have sent do not have the measurements to the boundary written on them. Please forward amended plans to show the measurements from the proposal to the boundaries.

For clarification, following an earlier email, we require a fee of £172 also.

Many thanks

Julie

Hi Julie

Attached is everything you requested, can we just get the application going please.

Regards
