Dear Ms Burrows

Many thanks for your helpful mail.

Your suggestions are fine. I think in fact it may involve lopping 3 No: 3m long boughs of 1No: Robinia tree where they overhang the building, but as you say the case officer can see the situation on site.

Thanks again

Alan McOnegal

Dear Mr McOnegal,

Many thanks for your email.

I have amended the description to read 'Lop 1 no. Robina tree by approx. 3m in length' can you confirm that this is ok. If when the case officer dealing with your application visits the site and finds a more appropriate description, they will then amend accordingly.

I hope this is of assistance.

Many Thanks

Charlotte Burrows

Thank you for your mail.

I am sorry my application was incomplete. You will perhaps see from the photograph I enclosed why I am very keen to get something done

As regards the lopping dimensions/percentages, The 3 No: overhanging boughs in question are approx: 3.0 m long x 150mm diameter at the point where they would need to be cut to clear my roof.

I apologise for omitting to answer your Question No: 9, but the answer is No. I have no connections with the Authority.

I hope this is of some help but as suggested in my covering letter, it might be best to have a look on site.

Yours sincerely

Alan McOnegal
