Juan

Having doubled checked the plans cited in the NMA these relate directly to the schedule of plans that were provided as part of the appeal submission and upon which the appeal was determined. The plans cited in the NMA are therefore correct in terms of the schedule of plans that was before the Inspector when she allowed the appeal.

I would be grateful if you can advise on your timetable for issuing a determination on this application because my Client is becoming increasingly irate to say the least.

Thanks and I trust this update is of assistance.

Speak soon.

Kind regards.

David

David,

This application has been reallocated to me.

I have looked at the plans that were submitted with EG/4/10 and not all these are the ones that you quote in your application form. Is there a reason for this? I would have thought that they should correspond as the appeal was allowed on the basis of all the plans that formed part of EG/4/10.

I look forward to hearing from you.
