RECEIVED

8th March 2019

Dear GP Partners,

Ref: EG/4/19/Pl - Proposed development of land adjacent to properties on Fontwell Avenue

We have looked at the proposed site plan for the development of the land behind our homes. We are glad to see plans for a more holistic approach to health and wellbeing being allowed this space for development.

However, as neighbours we would be grateful for the following queries about security to be addressed ahead of the Case Review due on the 15th March.

What are your plans for securing your boundary?
What safeguards do you propose for the development?
When the facility is up and running will your patients be overseen whilst using it?
At night, will the area be secured with lighting?
Will the access be secure?

We would be grateful for assurances on these points.

A copy of this letter has been sent to your Agent as well as the Case Officer reviewing this application, as they may well already have this detail to hand from preparation work.

Many thanks

Yours sincerely

Mr & Mrs S Mynall-Wood (Pendle Lea)
Ms N Hardy (Episkopi)
Mr E Noyce (Lacre)
