Hi Daun,

Does this help?

Rose

Subject: RE: Wilkes Head planning applications, my ref [REDACTED]

Hi Rose,

The attached document should help. I think they need to carry out a BS4142 assessment (need a competent noise consultant to do this, not just someone with a noise monitor), they ~~do~~ need to do evening and night-time assessments unless the kit is only going to be on during the day.

Regards

Fiona

Dear EH,

I have looked at our Validation Checklist and cannot find the answer. I would be grateful if you could help me respond to this enquiry. The planning application required relates to an extraction unit on the outside of a beer cellar on a curtilage listed building at the pub.

Rose

Hello again Rosemarie,

To follow on from my previous email we are trying to establish at this stage whether daytime noise measurements would suffice, given that there is no motorway or major road nearby, or whether the LPA would also require late evening or night time measurements? Thanks again.

Kind regards

Steve Croucher

Good afternoon Rosemarie,

To update you we are in the process of gaining quotes to carry out the required noise assessment for the above application. However we are being questioned as to what the exact requirements of the LPA are in regard to a noise assessment. Are you able to assist us with this or refer us to guide please? I have looked on your website but could not find anything, apologies in advance if I have missed this.

Many thanks and kind regards

Steve Croucher

Good afternoon Mrs Johnson,

I can confirm that we are happy with the wording of the proposed description as per the attached for the above applications. Should you have any other queries please do not hesitate to contact us.

Kind regards

Steve Croucher

Mr Croucher,

Can you please confirm that you are satisfied with both amended descriptions?

Thank you,
Mrs Johnson

Good morning Rosemarie,

Please find attached revised and additional documents for the above applications. As stated below the noise assessment will take some time to produce via a 3rd party but we will send on upon receipt. Should you require any other information in the meantime please do not hesitate to contact us.

Kind regards

Steve Croucher

Good morning Rosemarie,

Many thanks for your email and apologies for not getting back to you until now. I was on leave when your correspondence came in and it also went to my Junk email folder so was not picked up. We will look at the documents this morning and submit the required information ASAP. However, the noise assessment will have to be carried out by a 3rd party which we are in the process of arranging, but is out of our control and is very unlikely to be prepared and submitted to you within the 7 day timescale. I hope this is acceptable.

Kind regards

Steve Croucher

Dear Justin,

I am aware that two applications have been submitted in July but there are outstanding items that mean that they are not yet valid.

Are you able to submit the necessary detail within the next seven days please?

Thank you,

Rose Dannatt
