Dear Neejte,

As a result of the delays we are experiencing in the registration of applications, this application was marked as valid on the 8th August but it was not actually given to me until the 13th September. As a result, whilst the 8 week application expiry date is the 3rd October (8 weeks from the 8th August), the application needs to be advertised to the public and this period does not expire until the 18th October. As to when we might be able to determine the application, I cannot say for sure. My workload has meant that for months now, I have been at least 6 weeks behind. However, things have been improving lately and my numbers have come down so it may be possible to issue a decision say by mid-November.

Kind Regards

Dear Mr Davis,

Re: Flint House - EG/64/18/L

Please could you confirm the decision date for this application, there were several dates mentioned on the validation letter which appear to contradict one another. We would like to provide our client with an accurate time they can expect the decision.

I have highlighted the dates on the validation letter below for reference.

Your application cannot be determined until the end of the statutory publicity and consultation periods which is 18th October 2018.

The Council aims to make as many decisions as possible before the end of the statutory determination period, which in this case will be 3rd October 2018.

We really appreciate your help with this, many thanks. I look forward to hearing from you.

Kind regards,

Neeltje White
