Tom,

This would require a further planning application as amendment would significantly alter the design. The proposal was assessment to be acceptable therefore there is no requirement to alter the design, however, if you wish to pursue with this it would take a full planning application time frame of minimum of 6 weeks to determine.

Thanks very much

Hi Stuart

Happy new year.

EG/67/18/HH

Further to the recent planning consent on my property I wish discuss a minor amendment to the roof design (highlighted red) which I feel is still very much in keeping with the property and surrounding properties and also helps with the concerns the neighbouring property has had with the height of the roof and rights of light. I appreciate that consent has been granted but feel that this slightly amendment would go a long way to reducing the neighbours concerns , Obviously we want to do what we can to keep matters amicable with our neighbours.

Could you provide me with your comments on whether this can be submitted as a minor amendment and approved

.

Many thanks

Tom West
