EP/0023/PLA

Dear Mrs Johnson

EG/70/18/HH - Planning Application for works at 23 Elm Grove South, Barnham

I refer to your letter dated 16th October and can confirm that any new foul drainage at the above property will connect to the existing foul drain within the property boundary, which in turn is connected to the existing public mains drainage system in Elm Grove South. I attach a copy of Southern Water's sewer map for confirmation.

I trust that the above answers your query and that the above application can now be validated. If you should require any further information or have any queries, please do not hesitate to contact me.

Yours sincerely
Emma Pinder Architects
