Dear Mr Temple,

The Movie Supplies Company to which you refer is operated by the applicants son (Ian Hughes). This is run from a site in Chidham. It is not intended to re-locate this business too Woodfield Farm. There will only be a small number of vehicles kept in the application building along with de-activated artillery pieces. These are privately owned by the applicant (Clive Hughes).

Given that the storage use is not a business the implication for traffic movements are minimal.

On a separate matter I can confirm that the technical queries regarding the Discharge of Condition application for the surface water drainage to the greenhouse has been forwarded to our Consultant Engineer who hopes to deal with them in the timescales set out by you.

Kind Regards

Dear Mr Gray,

I am the planning officer dealing with the above application.

Today I was able to make a site visit and have a meeting with my Team Leader regarding the application.

Would you be able to provide some further clarity of the exact use and how and what and how vehicles will be stored?

If as stated in your D&A statement the use is purely as storage for a private collection then there will be less issue with noise and disturbance from vehicles coming to and leaving the

site. However we are aware that the Applicant runs a Movie Supplies company
<http://www.milweb.net/dealers/trader/hms/index.htm> but understand these vehicles are stored
at the current site in Chidham.

Will the use of the larger cattle shed at Woodfield Barn be connected to this business? If so
what would the usage hours be?
