Mr and Mrs Shackleton

Mrs Webb

Woodfield Place

Wandleys Lane

As discussed – Please add to Planning Application EG/74/17/PL

OBJECTIONS – IN RESPONSE TO MR IAN HUGHES

Point 1 – Please see attached pictures of HMS vehicle and trailer transporting goods in and out to the back barns (this happens on a regular basis). Hardly visiting parents! Also Mr Hughes you are normally the driver of the blue lorry transporting goods to the back barns! Perhaps you are suffering from amnesia!

Point 2- irrelevant of the type of vehicles they are. Military is Military!

Point 3 – To quote you "little blue Mercedes" – please see attached pictures of the "little blue Mercedes" struggling to travel tightly along Wandleys Lane and over OUR land to get to the back barns. Hardly little!!! The skip you refer to is also attached, stationary and no where near the broken water pipes on the access track! May I also point out that the water pipes were broken last year 2016, when the "little" blue lorry was using the track up to 10 times a day transporting unknown goods to the barns. Can you confirm the weight of this lorry when full Mr Ian Hughes…..still 7.5 tonnes????!!!

Ref the water pipes if you would like to see the correspondence from the water company we can make this available to ADC to show their thoughts on the cause.

Point 4 – To clear this point up – the access is not SHARED, we OWN the land – you only have a right of pass and repass and no, the representations will not stop regardless of whether Mr and Mrs Hughes purchase the said land.

Point 5 – We supplied information to ADC to the contrary in previous correspondence.

Pont 6 – What is this clearing up Mr Ian Hughes? You have a right to pass and repass. Maybe take your own advice……..careful reading!

Point 7 – No "piccy"!

Have we touched a nerve with the TRUTH, Mr Hughes!

Regards

Mr and Mrs Shackleton
