Dear Mrs Spencer,

Development Construction of a single-storey telescopic pool enclosure above existing outdoor pool.

Location 1 Wandleys Close Fontwell Eastergate

In reply to your letter dated 2nd February 2017, I have attached further information as requested.

- Please find attached plans at a 1:50 scale of the vertical, horizontal and side elevations as requested. All measurements labelled on the drawings are in millimetres.
- A modified block plan is attached demonstrating the distance to the boundary lines.
- The height is different between the ends of the structure to allow the unit to telescope. This should be more apparent on the side elevation plan. The shortest part of the structure will be closest to the western border of the property.
- This scheme does not require any connection to foul draining or the public mains drainage system. There are no drainage requirements for the pool cover.

Please let me know if you require any further information.

Yours sincerely,

Andrew Vawer
