Good afternoon Stuart

Re. Bat surveys
Your reference: EG/7/19/PL

I hope you are well. By way of an update, I confirm that the Ecosupport will be carrying out their 'dusk emergence survey' on Wednesday 01 May 2019 with the 'dawn return to roost survey' on Friday 17 May 2019. As previously suggested, should you feel able to support the application as it stands, we would happily accept and act upon the outcomes of the surveys through a condition. Our concern with awaiting the outcome of reports (presuming that the scheme is otherwise acceptable) is that our Client's lead-in times to construction will become drawn out into 2020 and she will thus incur further rental costs.

I should be grateful to discuss the options with you

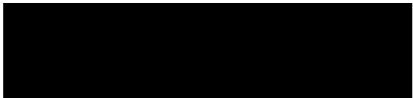

Many thanks in anticipation

Kind regards

Daniel
