Please ask for:

Technical Support Unit on extn. 37711
4th December 2017

Dear Mr Christopher Holman

Development:

Field Maple

See attached letter from S & P Tree Specialists who have reported the following:
'Casual inspection revealed that there are several cavities in the bole of the tree and that one, at about 4m, is of a size which has seen the decay of most of the supporting wood. Daylight can be seen through the bole at this point. I consider this tree to be in a hazardous condition and recommend that, particularly in view of the public footpath beneath the tree, it is felled within the next three months'

Also please see attached report from Landgirls Tree Surgeon

Having had 3 qualified Tree Surgeons assess the tree they have all come to the conclusion that for safety reasons the tree should be felled as soon as possible.

We will take advice from Arun District Council Tree Officer re the replacement of this tree.

Location:

98 Orchard Way BARNHAM

Thank you for your application submitted via the internet on 27th November 2017. It is being dealt with by the Technical Support Unit and has been allocated the reference number

EG/94/17/T.

We will contact you shortly with further details.

This letter does not confirm validity of the application/documentation submitted.

Yours sincerely

Miss N Spencer
Technical Support Unit Officer
