Dear Sian,

Please see the attached CIL form that is needed for my application. Please could you advice me as to what to do about a plan as the work has been carried out due to wrong information given. I have provided photos and the original quotation with all measurements and other details. There was never a plan just an informal drawing as to where the hard standing surface was going on a piece of paper that the contractor sketched out but I no longer have it. Really worried about all of this.

Kind Regards

Sally Taylor
