Dear Peter,

I am just trying to submit this council's comments on the above application, but the Planning part of the website does not appear to be working. Please could you confirm receipt of the comments below. Thanks.

Simon

No Objections

The Planning Committee of this Council considered this Application at its meeting on Monday, 10th October. The Committee agreed that it would raise no objections to the Application.

However, the Committee is concerned about traffic management in the vicinity of the Application, especially in light of a fatal motorcycle accident across the road from the site

about two years ago. The Committee was unclear whether every Application was sent to WSCC Highways for comment, and would therefore appreciate it if this Application could be sent to WSCC Highways. The Committee felt that the proposal might lead to a small increase in traffic very close to the busy roundabout on the A259.

Many thanks,
