Peter,

Further to our initial correspondence, I am in the process of looking at the detail for the above application which has a decision date 10th October 2018. As the parish have objected we are minded to take the application to the next available committee which is Wednesday 14th November 2018.

Would you be agreeable to an Extension of Time until 16th November 2018 to allow us to understand the impact of proposed dwelling and reach our conclusions on a decision.

In regard to the parking arrangement. From conducting a site visit it would appear the access to the parking space is via a gate which could be outside the occupants control. Could you confirm the position as the red line should include a means of access to the public highway, and a certificate B seeking permission from land owners of the access (if not in the ownership of applicant) should be sort.

I look forward to your response and the forthcoming further information.

Kind regards

Dear Stuart

Many thanks for your emails below. Just tried to call to catch up with you and discuss the points below.

In terms of location, I understood that this was addressed on validation, but seems not to have carried through.

As for the floor plans, the client is updating these and I will forward as soon as received.

Do you know you likely position on the recommendation, subject of course to the revised plans?

Kind regards,
Peter

Peter,

I thought I best introduce myself as I am the Planning Officer who has had the above assigned application.

Would you be able to provide a clear ground and first floor layout plan with the rooms listed to assist with our assessment.

Thanks very much.
