Copy to Hobdens to pass on for the attention of Messrs Bowman and Daley of the Willowhayne Board of Directors

Dear Ms.Welch

Our neighbour, Miss Elsam at No.7 The Ridings, East Preston has suggested we contact you about the extension to No.9 The Ridings. We live at No.11 The Ridings. She has spoken to you and you agreed it was not too late to put in an objection to this development even though the outer shell looks to be nearly completed now.

Mr Rush gave us a copy of the plans when work started. Things seem to have changed a little since then. The extension seems quite high to us and especially impinges on the privacy of the garden of No.7 The Ridings and is causing Miss Elsam a good deal of distress. We do not know the actual height measurement as there were none marked on the copy of the plans we were given but the plan showed the extension was going to be about the height of the guttering of the original building.

Originally the plans show the garage was going to be converted to residential occupation. We understand this is now planned to be a storage area rather than living space and we would be concerned if this was given planning consent for living space and a later resident was able to convert it to living space without further consent being sought.

Best Wishes

Marion and Pat Sweeney
