7. The Ridings,
Milton Keynes.

East Preston. BULB ATN

ARUN DISTRICT COUNCIL

16 NOV 2021

For the attention of Katherine Welsh - planning officer

Dear Ms. Welsh.

At your request, I write following our telephone conversation 12th Nov.

This is regarding the property development at 9. The Ridings Bulb ATN.

I can confirm that the extension to the property was already under construction by 8th October. It already stands 9' 4" at its lowest point, this is before roofing material and light-well have been fitted. and despite subsequent plans being submitted for completion height 8' 2"!

The unauthorized extra height of this extension, which is a mere 3' 3" from my boundary is having a marked negative impact to the privacy to my bungalow, garden & light to my conservatory.

The enjoyment of my home of 13+ years on this unique private estate has been genuinely marred.

I must in justice & strongly feel the terms of the property developer's owns plans be enforced. Failure to do so is setting a poor precedent & is unfair to us long residing residents in our much loved homes.

I would be much obliged to receive confirmation of this letter.

Thankyou,

Yours truly

Ms. S. Elsam.
