Good morning Iqraa,

As requested please find attached pre-existing plan, before emergency retrospective works in September 2024. These plans were successfully submitted as part of my 'Lawful development certificate' back in September 2024.

Please also find attached 'statement of purpose of works' which id like to be uploaded as part of my application.

I can confirm that I'm happy with your revised description of works, so long as I can add the above additional document to my application.

Please note that having believed these minor garage roof amendments were under permitted development, I carried out my own consultation with my adjoining neighbours- evidence attached.

Many thanks,

Chris and Tamzyn Janes [REDACTED]
