Dear Mr Sullivan

EP/158/14/HH – 50 Angmering Lane, East Preston

Further to the decision notice dated 29th January 2015 I am now writing to seek your Council's approval to the colour of the wall panels and gates in accordance with Condition No 2.

I am attaching a copy of the Wickes colour card for masonry paint which, as you will see, does not include a real brown, but the nearest is Sandstone. My clients would be willing to paint the outer panels of the wall in Sandstone or, if you would prefer, in either Soft Sand or Barley.

With regard to the gates, I am informed that these are in a type of teak and were treated with teak oil when new and it would be my clients' intention to maintain them with the same treatment as often as may be required. This would result in a slightly darker shade of brown as and when a coat of teak oil was applied and the next treatment would be carried out as and when weather conditions allow.

I should be grateful if you could confirm your agreement to the foregoing and, in relation to the wall panels, which of the suggested colours you would approve.

Yours sincerely,

50 Angmering Lane
East Preston
