Subject: Objection to EP/143/21CLP

Dear Ms Welch

Further to the planning application above, we must strongly object to yet another application by this household for a two storey extension to their property.

As in all previous applications the reasons for this objection remain the same. It will adversely change the attractive and balanced nature and outlook to the entrance to Hillview Crescent, it will prove to be detrimental to any residents who are in view of the upper floor extension and devalue properties where the extension overlooks any rear garden.

We trust that all previous reasons for earlier applications will be taken into consideration when these plans are reviewed and a decision taken.

Could we also understand why a yellow notice, referring to this application, was not made available to the public and attached to a nearby lamppost or similar?

Yours sincerely

D and J Baker
