Subject: Planning application EP/14/22PL

CAUTION: This email originated from outside of the organisation. You should take extra care when clicking links or opening attachments - if you are unsure the content is safe contact the IT Helpdesk before clicking or opening.

Dear Ms Welch

You may not have picked up the voicemail message I left for you last week. I had been trying to view the above application on my Apple MacBook but had been unable to do so. When I eventually could find the documents through another device I discovered that the date had passed for the submission of representations. I doubt whether the application is particularly contentious, or controversial in planning terms. Nevertheless, I hope you will consider the following comments in support of the application, and which I am perfectly happy for you to publish as part of the consultation documents.

I support the Parish Council's application for the erection of a village clock. The site chosen is probably the most conspicuous place for a clock and will be seen by those travelling on the main thoroughfare from the north, south and west into the village. In the 1960s there had been a wall-mounted village clock on one of the buildings on North Lane close to the application. The proposed clock will be a far superior replacement and will be a statement of the village's civic pride. Particularly in this highly important year it will be a timely, permanent and loyal reminder of the role in our society that The Queen has played over the last seven decades.

Please would you acknowledge receipt of this email and let me know whether my representations can be accepted.

Yours sincerely

Peter Galloway
