Subject: planning application

reference ep/151/20hh

Dear Zac

I am concerned at a recent planning application at 56 saxon close east preston ,which is for an extension ,and i gather will take up their driveway ,putting more pressure on parking spaces in that road ,as they have two cars and lots of visitors it will become very congested at that location .

A lot of residents have taken a dim view of this but a sense of [well they always give planning dont they]which i think that is a shame .

I think it is one to consider carefully as then other people will want the same and more congestion and then fire ,dustbin ,etc vehicles will not be able go through as they struggle now ! I really don t know why people who want a bigger property move ?
without having an impact and changing the road .
so i have put my points across and made you aware that this is my right at least .
Please give some thought .

regards Duncan
