Dear Sir,

I had a visit from my neighbour Mr R. Neal-Smith of 11. Wrothing Road East Preston who informed me that he has applied for planning permission to extend upwards over the recently extended kitchen at the rear of the house. The single storey extension is large, but does not interfere with my daily life. However, another storey on top of this will have views into my garden, to a small patio area, which is, at present, quite private & a suntrap.

We have a lot of morning gardening at the back so does not receive, even in summer, much sunlight. Another building would be intrusive to my daily life.

Yours sincerely,

A solid black rectangular box used to redact the signature of the sender.
