Hi Daun

Please find revised drawings as requested for the above application. I can confirm the amended description is suitable. The PV arrays for solar panels are to be mounted on the existing flat roof to the south elevation but are not viewable in elevation or in reality as they will tucked behind the proposed half pitched roof and angled appropriately.

Thanks and Best wishes

Nick

OK. Thanks Nick.

Let me know when the planning is viewable. I was not able to open anything pertaining to your submission.

Regards,

Derek

Hi Derek

Just had this through this morning.....a couple of validation issues which I will amend and submit later today.

We would need calcs for the Juliet balcony, ... we could use a specialist company for the balustrade and fixing detail;

Cedral cladding details are downloadable from Marley Eternit website.

Let me know if there is anything I can help with,

Best wishes

Nick
