Your ref : EP/160/18/PL
My ref: OWPC20805

Hello,

Thank you for your confirmation that the new planning application for the roofing that is not compliant with the original planning consent for 11 Beechlands Close, had finally gone through the system.
I made my objection online on the 2 Nov. (Ref OWPC20805)

In addition, I would be grateful if you could forward my comments below to Mr. J. Baeza and Mr. Crowther.

Throughout the whole time the grey roofing was being put on the build there were two young workmen visible, working weekdays, this has been the case throughout.

However, since the new planning application for the roofing had to be put in to the council, there has been unusual behaviour in that at least six workmen have been putting up the roof, seven days a week and there seems to have been a rush to complete the roof.

Today, Sunday (9 Dec), there are a team of workmen removing the scaffolding.

I don't think it is coincidental that this rush to complete the roof and remove the scaffolding has happened at a time when they have had to reapply for roofing materials that are not in accordance with the original planning consent.

I would like this unusual behaviour to be noted alongside any objections received by the council.
Thank you.

Kindest regards,
C. Paul Fox
