Oops!! My Apologies....

Though, I had a phone call from the Arboriculturist just after your email, saying he had to still visit the property.

I pointed out that it had been visited by someone the week before. I got talking some more and realised it was him who I had met.

I pointed this out and the he remembered.

He said he had to report his findings to you? And it would take a couple of days. Hence my email.

He visited in the beginning of the week 2nd March. That is why I thought I would have had an email of some description telling me what the result was.

Sorry if this sounds confusing but I find it very confusing.

Kind Regards

Patricia Tilney

I can see that you have attached that email in the chain below.

Kind regards

Dear Miss Tilney,

I have just received an email from a colleague that asks me to respond to you regarding an application referenced E/161/19/T. I have had a look on our system and am unable to find any application with that reference. Can you send me the address of the application so that I can look for it that way?

Kind regards
