Subject: Gladwyn The Street East Preston West Sussex BN16 1HT

Dear Mrs Gardner,

Gladwyn, The Street, East Preston, West Sussex BN16 1HT
Planning Application Number EP/179/18/PL

I am one of the Applicants relating to the Application for Planning Permission to demolish Gladwyn and erect three terraced properties in its place. I note that we have received an objection from the East Preston Preservation Society dated 31st January. I just wanted to ensure that you were aware that the Society made their concerns known to the Parish Council at their meeting on 14th January(which we attended), particularly with regard to the dormer windows. We then referred their comments back to Peter Shaw along with the Parish Council's concerns and neighbours concerns about the parking. Amended Plans were then drawn up reducing the size of the dormers and increasing the number of parking spaces from 4 to 6. Unfortunately although these were emailed to the Council on 24th January they were not uploaded to the planning portal until 5th February. Thus they were not available to the Preservation Society when they made their objection on 31st January.

If you have any queries please do not hesitate to contact me.

Kind regards,

Judith Simmonds
