Morning Sian

I have scanned and saved in docs so hopefully this will be what you need, if not I think I will drive down and deliver it by hand, let me know if this is ok

many thanks

Hello

-

Don't worry about it, scan it in and there should be an option for save as PDF, If not scan in and attach as an email and it should automatically convert it

-

Thank you

Sian

I'm so sorry about this Sian, how do I convert to PDF? Do I scan it save it in documents and then attach to an email?

Many Thanks

Hello

-
This is still an image not a PDF

-
Thanks

Hello

-
We still need it as a PDF document that is opening in paint for us this end. If easier send the actual plan by post to us here and we can measure it for you and add a scale and also convert it to a pdf document, I will send it back to you when validated.

Hello

-
All those are absolutely fine. However I just need a PDF version of the fence/wall plan.

-
Kind regards

Sian

Hi Sian, I am struggling to get eh things that you need but hope I have done it now

-
1) please go ahead and remove the form for the Demolition in a Conservation Area

2) I confirm that I accept the amended description *Erection of a wall, fencing and gate to property*

3) Location Plan Attached

4) Block Plan

-

please come back to me and let me know if this is ok and if there is anything else I need to do

-

Many Thanks

Dear Bonnie

-

Thank you for your email, however please submit the plan as a PDF document as we need to measure the plans and cannot do that in email, the plan also needs a scale however once the plan is a PDF we can advise on the scale for you.

We also need a few additional pieces of information:

-

1. Demolition in a Conservation Area: As you are not demolishing over 100sqm you are not required to submit demolition in a conservation area forms. With your permission we can remove this from the forms for you.

-

2. Please confirm in writing your acceptance of the amended description: *Erection of a wall, fencing and gate to property*

-

3. Location Plan Required: Please submit an up to date location plan. This plan should be an ordnance survey type plan at an identified standard metric scale, typically 1:1250 or 1:2500. The plan should show the site to which the application relates outlined clearly in red and should identify sufficient surrounding roads with an arrow showing the direction of north to illustrate the location. If you require assistance obtaining a location plan then you can visit the Planning Portal website (https://www.planningportal.co.uk/homepage/4/buy_a_plan) for links to where you can obtain one from;
4. Block Plan Required: Please submit a block plan to show the proposed development and all site boundaries. This should be at a standard metric scale such as 1:100, 1:200 or 1:500 with a scale bar to allow the confirmation of the stated scale. This can also be found on the planning portal. This needs to indicate where the proposed wall/fence will be.

-

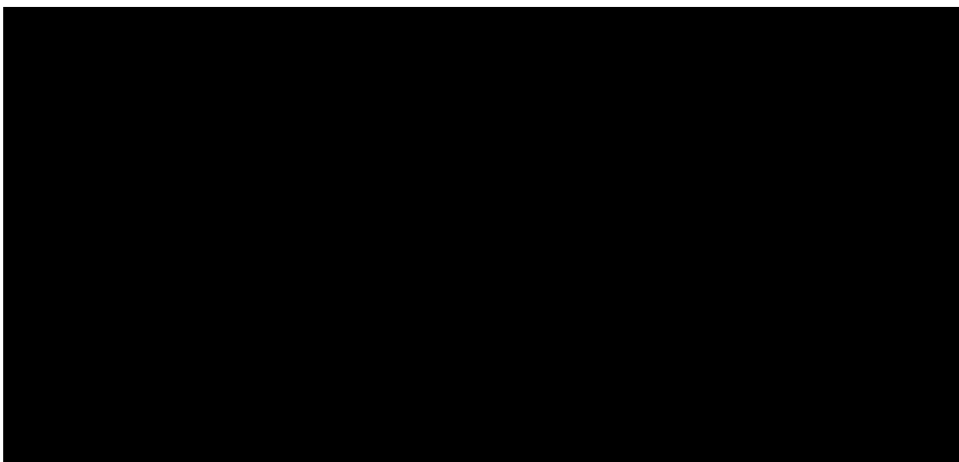

Kind regards

Sian
