Hi Sian,

No worries, I have attached the revised DWGs to show a front elevation.

Kind Regards

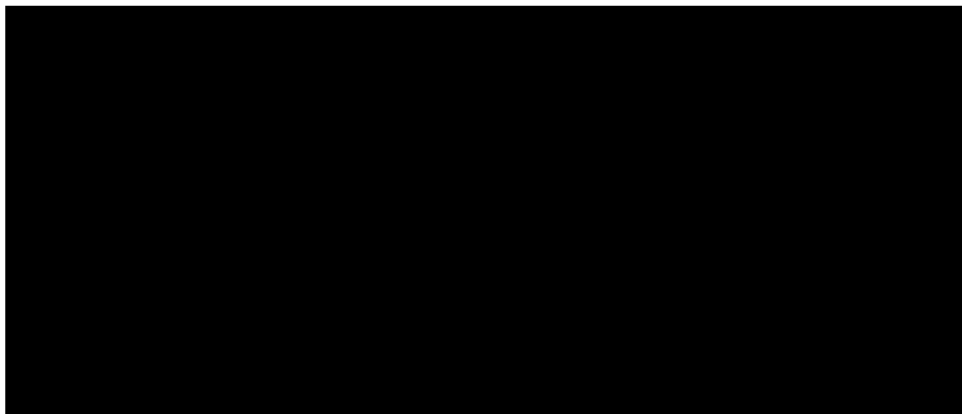

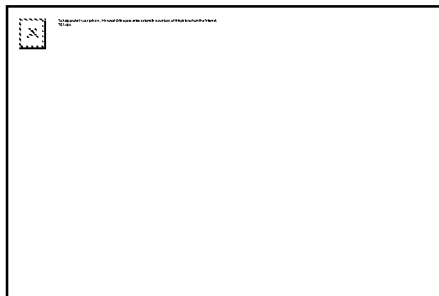

[REDACTED]

Dear Sir

Apologies the invalid letter doesn't seem to have generated point 2 in our system. We require a proposed front elevation as you are proposing changes to the elevation with the addition of the 2x rooflights. As this was a system error I'm happy to backdate the application to today (when we received the earlier additional information). Please submit at your earlier convenience.

Kind regards

Sian
